Hi Raji –

I just wanted to let you know that so far there have been no issues. There is a slow steady rain at the site right now, but overnight there was only about 0.25 inches of rain at nearby Hobby airport and we are continuing to perform the AST removal action work today as planned (obviously will break if the rain picks up or there is lightning).

Please let me know if you have any questions.

Thanks.

Matt and Eric

We have all been requested to notify our Site contacts regarding the upcoming Tropical Storm Cindy and wanted to remind you to secure the USOR Superfund Site, as appropriate, in anticipation of the flooding in SE Texas.

Please send me the details and findings of any inspections you conduct after the flooding and cc Carlos Sanchez (he is ccd on this email). Thanks.
